About PDCC

Vision: PDCC ENVISIONS “Partner organizations with development capacities that realizes the full potential for efficient and effective service delivery and improved community livelihood”.

Mission: To provide client needs based consultancy and development work services with focus on the promotion of Private-Public Partnership for efficient service delivery that improves both community and partner organizational capacities.

Objective: To conduct consultancy services and development work in local governance, agriculture and livelihoods, health, environment, and procurement of goods and services for and with national and regional governments, local governments, private companies, Non-Governmental Organizations (NGOs- Local and International) and academic institutions for policy development.

Our Core Values and guiding principles

- Professionalism and commitment to value-for- money deliverables;
- Quality service delivery;
- Transparent and accountable management;
- Provide regular timely and accurate feedback to clients and other stakeholders;
- Teamwork;
- Shared responsibility including delegation of work with effective communication; and
- Passion for efficiency and effectiveness;

Partnership for Development Capacity Consult Ltd (PDCC) is a consulting company with a national reputation. The organization for the last four years has consistently provided First Quality service and outcomes for International Development Agencies and Local Government Departments and not-for-profit organizations. PDCC has been providing management development work services in Uganda without interruption since 2011.

PDCC's principal areas of consulting and development activities include Strategic Planning, Business Planning, Feasibility Studies, Business Modeling (Mainly agribusiness) and Financial Analysis, Organizational Assessment / development (mainly of producer organizations), Environmental Planning and Management, Agriculture and Rural Development.

PDCC is independent of all vendors and is an accredited service provider and supplier to the Local Governments of Nebbi and Zombo for various categories of consulting services. PDCC has long-standing partnering arrangements in place with other reputable Non Governmental Organizations (NGOs), local governments and independent consultants embracing a range of professional disciplines and, by this means, PDCC can offer truly expert resources to a wide range of clients and beneficiary communities.
